

INTERVIEW
OF MR. STEPHEN K. BANNON
WITH HIS EXCELLENCY
CARLO MARIA VIGANÒ, ARCHBISHOP

1. *Now that the Vatican has renewed its insidious secret agreement with China, a deal which you have repeatedly condemned as promoted by Bergoglio with the assistance of McCarrick, what can the “children of light” of the Great Awakening concretely do to undermine this unholy alliance with this brutal Communist regime?*

The dictatorship of the Chinese Communist Party is allied to the *global deep state*, on the one hand so that together they can attain the goals that they have in common, on the other hand because the plans for the *Great Reset* are an opportunity to increase the economic power of China in the world, beginning with the invasion of national markets. At the same time that it pursues this project in its foreign policy, China is pursuing a domestic plan to restore the Maoist tyranny, which requires the cancellation of religions (primarily the Catholic religion), replacing them with a religion of the State which definitely has many elements in common with the universal religion desired by globalist ideology, whose spiritual leader is Bergoglio.

The complicity of Bergoglio’s *deep church* in this infernal project has deprived Chinese Catholics of the indefectible defense that the Papacy had always been for them. Up until the papacy of Benedict XVI, the papacy had not made any agreements with the Beijing dictatorship, and the Roman Pontiff retained the exclusive right to appoint bishops and govern dioceses. I recall that even at the time of the Bill Clinton administration during the 1990’s, former Cardinal McCarrick was the point of contact between the *deep church* and the American *deep state*, carrying out political missions in China on behalf of the US administration. And the suspicions that the resignation of Benedict XVI involved China are quite strong and coherent with the picture that has been emerging in recent months.

Thus we find ourselves faced with an infamous betrayal of the mission of the Church of Christ, carried out by her highest leaders in open

conflict with those members of the Chinese Catholic underground hierarchy who have remained faithful to Our Lord and to His Church. My affectioned thoughts and prayers are with them and with Cardinal Zen, an eminent confessor of the faith, whom Bergoglio recently shamefully refused to receive.

We believers must act on the spiritual level by fervent prayer, asking God to give special protection to the Church in China, and also by continually denouncing the aberrations carried out by the Chinese regime. This action must be accompanied by a work of raising awareness within governments and international institutions that have not been compromised by the Chinese communist dictatorship, so that the violations of human rights and the attacks on the freedom of the Catholic Church in China may be denounced and punished with sanctions and strong diplomatic pressure. And this is the line that President Trump is pursuing with decisive courage. Beijing's complicity with political and religious elements that are involved in murky operations of speculation and corruption must likewise be exposed. These profit-driven dealings constitute a very grave act of treason by politicians and public officials against their nation and also a grave betrayal of the Church by the men who lead her. I also think that in some cases this betrayal is not only carried out by individuals but also by the institutions themselves, as in the case of the European Union, which is currently finalizing a commercial agreement with China despite its systematic violation of human rights and its violent repression of dissent.

It would be an irreparable disaster if Joe Biden, who is heavily suspected of being complicit with the Chinese dictatorship, would be designated as President of the United States.

2. You have been very confident that God desires a Trump victory in order to defeat the forces of evil inherent in the globalists' Great Reset. What would you say to convince the naysayers who are ambivalent to the idea that this is a momentous battle between the children of light and the children of darkness?

I simply consider who Trump's adversary is and his numerous ties to China, the *deep state*, and the advocates of globalist ideology. I think of his intention to condemn us all to wear masks, as he has candidly admitted. I think of the fact that, incontestably, he is only a puppet in the hands of the elite, who are ready to remove him as soon they decide to replace him with Kamala Harris.

Beyond the political alignments, we must further understand that – above all in a complex situation like the present one – it is essential that the victory of the one who is elected President must be guaranteed in its absolute legal legitimacy, avoiding any suspicion of fraud and taking note of the overwhelming evidence of irregularities that has

emerged in several states. A President who is simply proclaimed as such by the mainstream media affiliated with the *deep state* would be deprived of all legitimacy and would expose the nation to dangerous foreign interference, as has already been shown to have happened in the current election.

3. *You seem to suggest that the Trump Administration could be instrumental in helping to return the Church to a pre-Francis Catholicism. How does the Trump Administration accomplish that, and how can American Catholics work to save the world from this globalist 'reset'?*

Bergoglio's subservience to the globalist agenda is obvious, as well as his active support for the election of Joe Biden. In the same way, Bergoglio's hostility to Trump and his repeated attacks against the President are evident. It is clear that Bergoglio considers Trump as his principal adversary, the obstacle that needs to be removed, so that the *Great Reset* can be put in motion.

Thus on the one hand we have the Trump administration and the traditional values that it holds in common with those of Catholics; on the other hand we have the *deep state* of the self-styled Catholic Joe Biden, who is subservient to the globalist ideology and its perverse, anti-human, antichristic, infernal agenda.

In order to put an end to the *deep church* and restore the Catholic Church, the extent of the involvement of the leaders of the Church with the Masonic-globalist project will have to be revealed: the nature of the corruption and crimes that these men have carried out, thereby making themselves vulnerable to blackmail, just as happens in a similar way in the political field to members of the *deep state*, beginning with Biden himself. Thus it is to be hoped that any proof of such crimes that is in the possession of the Secret Services would be brought to light, especially in relation to the true motives that led to the resignation of Benedict XVI and the conspiracies underlying the election of Bergoglio, thereby permitting the expulsion of the mercenaries who have seized control of the Church.

American Catholics still have time to denounce this global subversion and stop the establishment of the New Order: let them think about what sort of future they want for the coming generations, and of the destruction of society. Let them think about the responsibility that they have before God, their children, and their nation: as Catholics, as fathers and mothers of their families, and as patriots.

4. *Against all odds, average Americans are fighting to expose the massive and coordinated theft of our election: what advice would you give to our*

recalcitrant politicians about what is at stake for our nation and the world if we submit to this theft?

The Truth can be denied by the majority for a certain amount of time, or by some people forever, but it can never be hidden from everyone forever. This is the lesson of History, which has inexorably revealed the great crimes of the past and those who perpetrated them.

Thus I invite politicians, beyond their political loyalties, to become champions of the Truth, to defend it as an indispensable treasure which alone can guarantee the credibility of institutions and the authority of the people's representatives, in accord with the mandate they have received, the oath they have sworn to serve their country, and their moral responsibility before God. Each one of us has a role that Providence has entrusted to us, and which it would be culpable to shrink from. If the United States misses this opportunity, *now*, it will be wiped out from History. If it allows the idea to spread among the masses that the electoral choice of the citizens – the first expression of democracy – can be manipulated and thwarted, it will be complicit in the fraud, and will certainly deserve the execration of the entire world, which looks to America as a nation which has fought for and defended its freedom.

5. In your letter to the President on October 25, the Solemnity of Christ the King, you spoke of the efforts of the deep state as “the final assault of the children of darkness.” There is a concerted effort by the globalists and their media partners to conceal and obscure the true tyrannical agenda implicit in the Great Reset, by calling it a wild conspiracy theory. What would you say to the skeptics who blissfully ignore the signs and plan to submit humanity to the domination of the global elites?

The plan of the *Great Reset* makes use of the mainstream media as an indispensable ally: the media corporations are almost all actively part of the *deep state* and know that the power that will be guaranteed to them in the future depends exclusively on their slavish adherence to its agenda.

Labeling those who denounce the existence of a conspiracy as “conspiracy theorists” confirms, if anything, that this conspiracy exists, and that its authors are very upset at having been found out and reported to public opinion. And yet they themselves have said it: *Nothing will be the same again*. And also: *Build Back Better*, in an effort to make us believe that the radical changes they want to impose have been made necessary by a pandemic, by climate change, and by technological progress.

Years ago, those who spoke of the New World Order were called *conspiracy theorists*. Today, all of the world's leaders, including Bergoglio, speak with impunity about the New World Order, describing it exactly in the terms that were identified by the so-called *conspiracy theorists*. It is enough to read the globalists' declarations to understand that the conspiracy exists and that they pride themselves on being its architects, to the point of admitting the need for a pandemic in order to reach their objectives of social engineering.

To the skeptics I ask: if the models that are proposed to us *today* are so terrible, what will our children be able to expect when the elite will have succeeded in taking total control over the nations? Families without father and mother, polyamory, sodomy, children who can change their sex, the cancellation of Religion and the imposition of an infernal cult, abortion and euthanasia, the abolition of private property, a health dictatorship, a perpetual pandemic. Is this the world that we want, that you want for yourselves, your children, and your family and friends?

We must all become aware of how much the proponents of the New World Order and the *Great Reset* hate the inalienable values of our Greco-Christian civilization, such as Religion, the family, respect for life and the inviolable rights of the human person, and national sovereignty.

6. *You have repeatedly warned that the 'deep state' and 'deep church' have colluded to plot in various ways to overthrow Benedict as well as President Trump. Besides Theodore McCarrick, who else is behind this infernal alliance, and how do Catholics undermine and expose it?*

It is apparent that McCarrick acted on behalf of the *deep state* and the *deep church*, but he certainly did not do it alone. All of his activity suggests a very efficient organizational structure composed of people whom McCarrick had promoted and covered by other accomplices.

The events that led to the resignation of Benedict XVI still need to be clarified, but one of the members of the *deep church*, the deceased Cardinal Danneels, a Jesuit like Bergoglio, admitted that he was a part of the so-called *Saint Gallen Mafia*, which essentially worked to bring about the "*springtime of the Church*" which John Podesta, Hillary Clinton's chief of staff, wrote about in his emails published by Wikileaks.

Thus there is a group of conspirators who have worked and still work in the heart of the Church for the interests of the elite. Most of them are identifiable, but the most dangerous are those who do not expose themselves, those whom the newspaper never mentions. They will not hesitate to force Bergoglio to resign also, just like Ratzinger, if he

does not obey their orders. They would like to transform the Vatican into a retirement home for *popes emeriti*, demolishing the papacy and securing power: exactly the same as what happens in the *deep state*, where, as I have already said, Biden is the equivalent of Bergoglio.

In order to bring down the *deep state* and the *deep church*, three things are essential:

- 1) first of all, becoming aware of what globalism's plan is, and to what extent it is instrumental to the establishment of the kingdom of the Antichrist, since it shares its principles, means, and ends;
- 2) secondly, firmly denouncing this infernal plan and asking the Shepherds of the Church – and also the laity – to defend her, breaking their complicit silence: God will demand of them an account for their desertion;
- 3) finally, it is necessary to pray, asking the Lord to grant each one of us the strength to resist – *resistite fortes in fide*, Saint Peter warns us – against the ideological tyranny that is daily imposed on us not only by the media but also by the cardinals and bishops who are under Bergoglio's thumb.

If we can prove ourselves strong in facing this trial; if we know how to hold ourselves anchored to the rock of the Church without allowing ourselves to be seduced by *false christs and false prophets*, the Lord will permit us to see – at least for now – the defeat of the assault of the children of darkness against God and men. If out of fear or complicity we follow the prince of this world, denying our Baptismal promises, we will be condemned with him to inexorable defeat and eternal damnation. I tremble for those who do not realize the responsibility that they have before God for the souls that He has entrusted to them. But to those who fight courageously to defend the rights of God, the Nation, and the Family, the Lord assures his protection. He has placed His Most Holy Mother at our side, the Queen of Victories and the Help of Christians. We invoke Her faithfully during these difficult days, confidently certain of Her intervention.
